

**DRIVE EFFICIENTLY
DRIVER & VEHICLE TIPS**

FINANCIAL TIP OF THE WEEK

Cost savings assumes a fuel price of \$3.22 per gallon

| DRIVING EFFICIENTLY IS THE SAFEST WAY TO DRIVE!!! | Fuel Economy | | Gasoline Savings | |
|---|------------------|---------|-------------------|------------|
| | City | Highway | City | Highway |
| Drive Smart Speeding,, rapid acceleration and braking wastes gas | 5% | 33% | \$0.16/gal | \$1.06/gal |
| Know Your Vehicle / Drive at your car's optimum speed. General fuel economy decreases with each 5 mph over 60 mph | 7% | 23% | \$0.23/gal | \$0.74/gal |
| Keep it light Removing extra weight improves mileage, especially in small cars | 1-2% per 100 lbs | | \$0.03-\$0.06/gal | |
| Idle as little as possible / At 0 mpg., idling a big car can get expensive | | | | |
| Use cruise control / Constant speeds save fuel | | | | |
| Use overdrive / Saves fuel and engine wear and tear | | | | |

Arrive alive with extra pennies in your pocket !!!
